

APACMEA EXPERIENCE CENTRES

Who are we?

Traka, a part of ASSA ABLOY Group, are a global technology company dedicated to providing key and equipment management technologies to simplify and add value to customer business processes.

What is a Traka Experience centre?

It is a place of convergence for technology partners, end-users and Traka to immerse, educate, empower and innovate through industry trends, best practices, and product updates. Technology partners and end-users can meet to create new technologies, develop new ideas and build processes to add continued value.

Mission To immerse and empower customers, partners and our people by investing in continual access to future and evolving technologies.

INNOVATION

Driving creativity and technological advancements

SERVICE

Best in class service and support capability

TRAINING

Build confidence and competence

KNOWLEDGE SHARING

Enable sharing of best practices in the industry

COMMITMENT

Future proof Traka technologies for our partners and customers

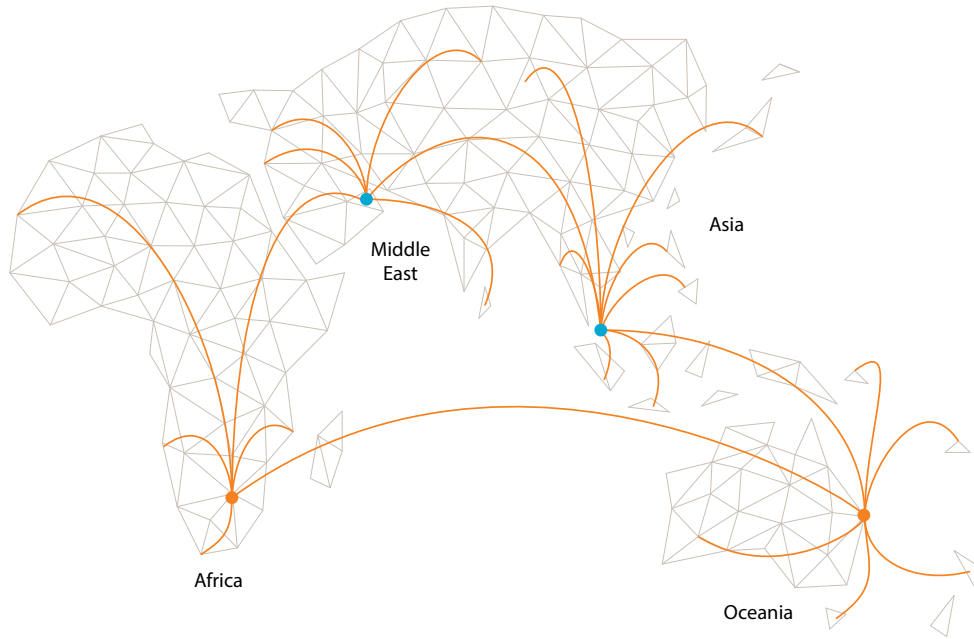

COLLABORATIONS

Connect strategic technology partners to deliver seamless solutions
